

LASH PERFECT GLUE TESTIMONIAL FROM AN EXPERT LASH EXTENSIONIST

"Hi Christine,

Just wanting to let you know how much I love the Lash Perfect Glue. After using many different brands including one at a cost of over \$300 a bottle I was still not able to achieve perfect results in terms of drying time and bond. As I work quite quickly the previous glues I used just were not drying fast enough even though they were advanced glues with a drying time of 3 seconds.

Wow, I cannot tell you how happy I am with the lash Perfect glue and here's why:

- It's very easy to work with, doesn't go thick after 5 mins of using as some others do
- Super fast drying so it is able to match my speed of applying the lashes which in turn has made such an improvement to my business as it has cut at least 20 mins application time off a full set of lashes.
- Bonding is the best out of all glues that I have used. Clients are returning after a month for refills where previously clients would come in every 2 to 3 weeks so my clients are also extremely happy!

Thank you so much for recommending the lash Perfect glue....Its name suits as it is absolutely PERFECT!!!!

Also like to thank you for all your support and the training received by you.....I wouldn't be here and running a successful business after only 18 months with out it!

Thanks again Christine

An overjoyed.....Natasha Tainsh"
