

## About ENOVIA

Enovia Pty Ltd is a leading Australian company supplying clinically tested Foot Care products for exclusive use of Health Professionals and their Patients.

The company was founded in 1995 by a group of Skin Specialists and Pharmacists with a passion to develop innovative products based on the latest findings in dermatology.

In our products we utilize only the highest quality ingredients that must comply with numerous quality assurance tests and often meet requirements of British Pharmacopoeia.

Our objective is to provide the highest quality products and create a professional relationship. We are always available to discuss any aspect relating to our products as well as provide detailed product information and treatment advice.

Our philosophy is to protect and sustain our beautiful planet. That's why our products use natural and completely biodegradable ingredients, and are packed in fully recyclable containers.

## Testimonials

**Enovia Pty Ltd is receiving regularly a feedback from Health Professionals and their Patients. Below there are just examples of few of them.**

"Finally I've found treatment for my dry feet. Enovia Moisturising Foot Therapy Cream is the best treatment I ever used. No other products even come close." - *Evelyn Norton*

"Enovia products are the best I ever used. They are extremely rich, concentrated and very effective." - *Liliana Etulain, Podiatrist*

"I've found Enovia Moisturising Foot Therapy Cream the best cream on the market. It literally walks out the door of my practice." - *Sharyn Fitzgerald, Podiatrist*

"Enovia Moisturising and Antibacterial Creams made wonders to my feet. Thank you." - *John W.*

"I wish I knew earlier that Enovia manufactures Toe-nail Therapy Gel. I can wear open shoes again and I am not embarrassed." - *Josephine Smith*

- quality of the ingredients
- and the state of art manufacturing process

## Moisturising Foot Therapy Cream

(120ml and 250ml)

*Restores mechanical properties of severely dry skin.  
Essential care for dry, rough or cracked feet*

Enovia Moisturising Foot Therapy Cream is a product with unique moisturizing and nourishing effects that induces changes in the mechanical properties of extremely dry skin. It contains 19 ingredients that work in synergy to moisturize, nourish, break down hardened, callused skin and help with the repair of cracks.

Enovia Moisturising Foot Therapy Cream can also be applied to dry elbows, fingertips and knees with great results. It is suitable for patients with diabetes and the elderly due to decreased circulation to the lower limbs and the ability to hold moisture. Overweight clients and people who stand long hours will also benefit from using this product as their normal passage of blood to the feet is restricted, which can cause skin hardening.

Regular application of Enovia Moisturising Foot Therapy Cream will keep skin soft, healthy looking and well nourished.

### **Key groups of ingredients and their action:**

**Emollients** - provide continuous hydration and form a barrier against environmental irritants

**Humectants** - preserve the moisture in the outer layer of the skin and improve skin elasticity

**Plant oils, waxes and vitamins** - provide nourishment and replace natural skin's fatty substances

**Alginates** - soften the skin and maintain normal skin renewal

**Absorption enhancers** - promote deep penetration of vital ingredients into the skin

## Anti-bacterial Foot Therapy Cream

(120ml and 250ml)

*Protects by killing 99% of bacteria, moisturises,  
produces cooling sensation to tired legs and feet*

Antibacterial Foot Therapy Cream is a product specifically designed to protect by killing bacteria and moisturise dry feet. It is suitable for people with diabetes, sweaty feet, and people playing sport.

People with sweaty feet or those who wear shoes (especially not made of leather) over many hours will benefit from using Anti-bacterial Cream, as it will help eliminate foot odour.

Enovia Anti-bacterial Foot Therapy Cream also produces cooling sensation and is ideal for tired, heavy legs and feet.

### **Key groups of ingredients and their action:**

**Tea tree, Clove. Lime essential oils** - known as the one of the most powerful oils. They are active against most bacteria at relatively low concentration and produce cooling sensation at certain concentrations.

**Urea** - naturally present in healthy skin, promotes the permeation and the absorption of active ingredients. Softens the skin.

**Cocoa butter, glycerol** - nourishes, moisturizes and softens skin

**Paraffin liquid** - repairs dry skin and creates a barrier to protect moisture loss

## Toe-nail Therapy Gel

(50ml)

*Restores healthy appearance to rough, thickened and  
colour-changed toe-nails and make them easy and  
safe for cutting*

Enovia Toe-nail Therapy Gel helps restore healthy appearance to rough, thickened and colour-changed nails.

When applied daily, it will gradually exfoliate the thickened part of the nail bringing it to normal thickness, colour and making easy and safe for clipping and cutting.

Toe-nail Therapy Gel is suitable for most patients, including patients with fungal infections and hyperkeratosis.

### **Key groups of ingredients and their action:**

**Urea** - exfoliating agent. Softens keratin and helps shedding off the outer layer of the nail

**Alginates** - soften the nail

**Glycerol** - humectant and softener
